

E-Scapes Environmental Pty Ltd

Western Australian Based Environmental Contractors

E-Scapes Environmental Pty Ltd (ESE) is a specialised environmental services company providing quality revegetation, forestry, consulting and native seed supply services throughout Western Australia, with a focus on the Mid West and Wheatbelt.

ESE was established in 2009 by Tim Emmott, who has a broadacre farming background and has worked for MIS forestry companies, Greening Australia, Oil Mallee Company of Australia and the Australian Sandalwood Network. ESE is incredibly committed towards safety, efficiency, quality and client satisfaction.

Key services provided:

- Forestry, revegetation and rehabilitation site preparation and establishment (Ripping, scalping, mounding, planting)
- Large scale direct seeding for carbon sequestration, rehabilitation and revegetation projects
